2009 IBERO Professional Development Workshops: Call for Proposals

The Iberoamerican Academy of Management (IAM) invites of creative proposals for its Professional Development Workshop (PDW) sessions that will take place on the August 7th -9th, 2009 at the Academy of Management Conference in Chicago.

The Academy meetings' Professional Development Workshops (PDWs) are a platform for colleagues to share knowledge and expertise and foster the development of workshop participants.

Although with Iberoamerican roots, the IAM is currently global in its reach, which is reflected in its highly international and geographically dispersed structure and decentralized mode of operation. The IAM's mission is:

- To foster the general advancement of knowledge in the theory and practice of management among Iberoamerican scholars and/or those academics interested in Iberoamerican issues.
- To perform and support educational activities that contributes to intellectual and operational leadership in the field of management within an Iberoamerican context.

Consistent with this year's conference theme: "Green Management Matters" we would like to suggest some potential topics that can be of interest for our broad audience:

- The social role of firms in the Iberoamerican context
- Corporate strategies, management tools, incentive systems and/or measurement approaches that help to ensure that corporate conduct leads to positive overall sustainability effects in the Latin-American area
- How the establishment of sustainable development concerns and policies could provide new entrepreneurial opportunities in the Latin-American area
- Can green management be taught? How to address the opportunities and problems in organization/natural environment relationships in the graduate and post graduate curriculum in the Iberoamerican context.

Moreover, we also welcome any proposals that advance theory, research, education, and practice in the field of management within the scope of our mission.

Formats of PDW can take a variety of forms including roundtables, panel sessions, developmental workshops, practitioner focused sessions, doctoral consortia, to name a few.

IMPORTANT! We now have an online submission system for PDW proposals. The paper proposal form is no longer in use. The submission website is <http://submissions.aonline.org/2009>.

Proposals may be written in English, Spanish and Portuguese.

If you have any questions, or would like to have a chat about your ideas for this PDW event, please do not hesitate to contact Cristina Cruz (Cristina.Cruz@ie.edu). The dead-line for proposals is January 15th. Feedback on decisions will be given by February.
